

*We're proud to be flavor-free in VC!*

# DRAWING CONTEST

Vaping and tobacco use have harmful effects on our health. Big companies try to hook kids on these dangerous products with flavors like bubblegum, cotton candy, very berry slushie, etc.

Did you know? Valley City was the first city in North Dakota to end the sale of flavored e-liquids used for vaping? That's why we're proud to be FLAVOR-FREE in VC!

- **Contest rules:** Use the attached coloring page to draw yourself doing your favorite "flavor-free" activity!
- **Winner receives:** their completed coloring page and their photo on CCHD's next billboard.
- **Deadline and details:** March 1st - please write your name, age, and school/daycare on the BACK of your coloring page and return to CCHD at 415 2nd AVE NE

**Public Health**  
Prevent. Promote. Protect.
